

CHAPEL AND HILL CHORLTON PARISH COUNCIL

Defibrillator Training Sessions

The defibrillator housing is now in place in the former BT phone box on Chapel Chorlton village green and the defibrillator is about to be installed.

Free training provided by Eccleshall First Responders will be available on Tuesday 4th June, 7-9 pm and Saturday 8th June 10am -12 noon at the Madonna Club, Stableford Caravan Park. Booking is essential – please email our clerk Jan Simpson at chapelandhillchorltonpc@gmail.com. Her phone no. is **07563660298**.

If you have missed those dates but still want to do the training please contact Jan about possible future training dates.

Speed Indicator Devices in Hill Chorlton

We are making good progress with this project and now have 3 sites agreed with Highways – although we can only afford one device in this financial year. A huge thank you is due to our clerk who has worked tirelessly on this project for quite some time.

Coombesdale

Our County Councillor Paul Northcott has agreed to use some of his Highways funding to install notices at either end of Coombesdale to restrict HGV access. This is a narrow lane, the verges of which have been badly damaged by HGV use in recent months.
